PROFILE

I am a skilled software developer with a strong background in developing and designing web applications using HTML, CSS, JavaScript, Node.js, Next.js, and React. I excel in creating responsive, user-friendly interfaces and robust backend systems. My expertise includes building and deploying complex web services and databases, ensuring secure and scalable solutions. Proficient in version control, and Agile methodologies, I am dedicated to delivering high-quality web applications that meet both user needs and business objectives.

EDUCATION

Bootcamp : Fullstack Web Developer

Purwadhika Digital School

February 2024 - July 2024

Bachelor of Information Technology

Universitas Teknologi Digital Indonesia

September 2023 - September 2027 (exp)

PROJECTS

Laundry Delivery Service App (Kucekin)

June 2024 - July 2024

KUCEKIN is a Laundry Web App designed as an e-commerce platform that allows customers to have their laundry done without visiting the physical outlet. It features pickup and delivery services provided by the laundry service. With multiple branch locations, customers can be served by the nearest outlet available.
